Braucher.

We are having beautiful sun-
shine after the hard winds of last
week, and hope that winter has
bid us adieu for this time.

Contractor Samuel Husk is cut-
ting timber for the Sweet Lilly
Lumber Company.

We now have a small boy carry-
ing the mails from Braucher to
Mountain Lick Run every day. It
makes it so much more convenient
for the men in camp.

The W. S. Taylor Lumber Com-
pany has sold their mill and tract
of timber to the Wickmelon Lum-
ber Company of Maryland, we un-
derstand.

W. C. and J. V. Anderson made
a flying trip to Durbin last Mon-
day.

Simon Allen, of Dodridge coun-
ty, arrived here last week to work
for W. Wright.

W. C. and J. V. Anderson have
gone to May to drive team for the
May Lumber Company.

town and Snowden Kellison mayor.

Jot Buckley the bolona and macaroni mixer of the stallion camp is using leaks all-gather since the wreck on the railroad.

Mr. Ruler, chief paymaster of the W. L. Company passed through our town on his way from a fishing trip on the river. He was wet to the skin and looked like a wharf rat. Well, I guess I will ring off but will come again after pumpkin harvest.

Braucher.

S. L. Brown has taken his sister-in-law, Miss Fannie Kelley to Washington to the Hospital where she is expecting to go through a very serious operation. We wish her success.

Mr. Burner who received a bad cut from the saw is better at this writing.

Mrs. Brown Burner is very sick. Dr. Hull, of Durbin is attending her.
